

Privacy Notice

1. Background

Last updated: 03/08/2022

This notice tells you how we look after your personal data when you visit our website at www.zooatronic.com (**Website**) or when you purchase our goods or services (**Goods and Services**), where you are a prospective customer of our business, or where you are another type of business contact, such as a supplier or service provider to our business.

It sets out what information we collect about you, what we use it for and whom we share it with. It also explains your rights and what to do if you have any concerns about your personal data.

We may sometimes need to update this notice, to reflect any changes to the way the Goods and Services are provided or to comply with new business practices or legal requirements. You should check this Privacy Notice to see whether any changes have occurred.

2. Who we are and other important information

We are ZooAtronic Ltd registered in England and Wales with company number 14052551 whose registered address is ZooAtronic Ltd, Hamilton House, Wells Road, Chilcompton, BA3 4ET (**we / us / our**).

For all visitors to our Website and for users who do not purchase our goods or services through an organisation, we are the **controller** of your information (which means we decide what information we collect and how it is used). We are registered with the Information Commissioner's Office (**ICO**), the UK regulator for data protection matters, under number ZB360844.

3. Contact details

If you have any questions about this privacy notice or the way that we use information, please get in touch using the following details:

Email address: hello@zooatronic.com

Postal address: ZooAtronic, Hamilton House, Wells Road, Chilcompton, BA3 4ET

4. The information we collect about you

Personal data means any information which does (or could be used to) identify a living person. We have grouped together the types of personal data that we collect and where we receive it from below:

Type of Personal Data

Identity Data - first and last name

Contact Data - email address

Feedback – comments and queries

Marketing Data - confirmation that you wish to receive news/updates from us via email.

5. How we use your information

We are required to identify a legal justification (also known as a **lawful basis**) for collecting and using your personal data. There are six legal justifications which organisations can rely on. The most relevant of these to us are where we use your personal data to:

- fulfil our contract with you
- pursue our **legitimate interests** (our justifiable business aims) but only if those interests are not outweighed by your other rights and freedoms (e.g. your right to privacy)
- comply with a **legal obligation** that we have
- do something for which you have given your **consent**

The table below sets out the lawful basis we rely on when we use your personal data. If we intend to use your personal data for a new reason that is not listed in the table, we will update our privacy notice.

Purposes	Justification
Responding to comments and enquiries submitted to ZooAtronic through our website or via email.	Consent (proactive contact via email or the contact form on our Website and expecting a response).
Providing insight on how our Website is being used	Legitimate interests (necessary to improve and optimise our Website)
Administering and protecting our Website and systems	Legitimate interests (necessary to monitor and improve Website security and prevent fraud)
Handling requests for technical support and other queries	Legitimate interests (necessary to provide our Goods to you and ensure the proper functioning of our Website)

Defending against legal claims	Legitimate interests (to protect our business and defend ourselves against legal claims)
Notifying you about changes to our privacy notice	Legal obligation (necessary to comply with our obligations under data protection law)

We may **anonymise** the personal data we collect (so it can no longer identify you) and then combine it with other anonymous information so it becomes **aggregated data**. Aggregated data helps us identify trends (e.g. what percentage of users responded to a specific survey). Data protection law does not govern the use of aggregated data and the various rights described below do not apply to it.

6. Who we share your information with

We share (or may share) your personal data with:

- **Our personnel:** our employees (or other types of workers) who have contracts containing confidentiality and data protection obligations
- **Our supply chain:** other organisations that help us provide our Goods. We ensure these organisations only have access to the information required to provide the support we use them for and have a contract with them that contains confidentiality and data protection obligations
- **Regulatory** authorities: such as HM Revenue & Customs
- **Our professional advisers:** such as our accountants or legal advisors where we require specialist advice to help us conduct our business
- Any actual or potential buyer of our business

If we were asked to provide personal data in response to a court order or legal request (e.g. from the police), we would seek legal advice before disclosing any information and carefully consider the impact on your rights when providing a response.

7. Where your information is located or transferred to

We will only transfer information outside of the UK where we have a valid legal mechanism in place (to make sure that your personal data is guaranteed a level of protection, regardless of where in the world it is located, e.g., by using contracts approved by the European Commission or UK Secretary of State).

If you access our Website or purchase our Goods whilst abroad then your personal data may be stored on servers located in the same country as you or your organisation.

8. How we keep your information safe

We have implemented security measures to prevent your personal data from being accidentally or illegally lost, used, or accessed by those who do not have permission. These measures include:

- Encrypted website communication using an SSL certificate
- Access controls and user authentication

If there is an incident which has affected your personal data and we are the controller, we will notify the regulator and keep you informed (where required under data protection law). Where we act as the processor for the affected personal data, we notify the controller and support them with investigating and responding to the incident.

If you notice any unusual activity on the Website, please contact us at hello@zoatronic.com.

9. How long we keep your information

Where we act as the controller, we will only retain your personal data for as long as necessary to fulfil the purposes we collected it for.

To decide how long to keep personal data (also known as its **retention period**), we consider the volume, nature, and sensitivity of the personal data, the potential risk of harm to you if an incident were to happen, whether we require the personal data to achieve the purposes we have identified or whether we can achieve those purposes through other means (e.g. by using aggregated data instead), and any applicable legal requirements (e.g. minimum accounting records for HM Revenue & Customs).

We may keep Identity Data, Contact Data and certain other data (specifically, any exchanges between us by email or any other means) for up to seven years after the end of our contractual relationship with you.

If you browse our Website, we keep personal data collected through our analytics tools for only as long as necessary to fulfil the purposes we collected it for.

If you have asked for information from us or you have subscribed to our mailing list, we keep your details until you ask us to stop contacting you.

10. Your legal rights

You have specific legal rights in relation to your personal data.

It is usually free for you exercise your rights and we aim to respond within one month (although we may ask you if we can extend this deadline up to a maximum of two months if your request is particularly complex or we receive multiple requests at once).

We can decide not to take any action in relation to a request where we have been unable to confirm your identity (this is one of our security processes to make sure we keep information safe) or if we feel the request is unfounded or excessive. We may charge a fee where we decide to proceed with a request that we believe is unfounded or excessive. If this happens, we will always inform you in writing.

We do not respond directly to requests which relate to personal data for which we act as the processor. In this situation, we forward your request to the relevant controller and await their instruction before we take any action.

If you wish to make any of the right requests listed above, you can reach us at hello@zoatronic.com.

Access: You must be told if your personal data is being used and you can ask for a copy of your personal data as well as information about how we are using it to make sure we are abiding by the law.

Correction: You can ask us to correct your personal data if it is inaccurate or incomplete. We might need to verify the new information before we make any changes.

Deletion: You can ask us to delete or remove your personal data if there is no good reason for us to continuing holding it or if you have asked us to stop using it (see below). If we think there is a good reason to keep the information you have asked us to delete (e.g. to comply with regulatory requirements), we will let you know and explain our decision.

Restriction: You can ask us to restrict how we use your personal data and temporarily limit the way we use it.

Objection: You can object to us using your personal data if you want us to stop using it. If we think there is a good reason for us to keep using the information, we will let you know and explain our decision.

Portability: You can ask us to send you or another organisation an electronic copy of your personal data.

Complaints: If you are unhappy with the way we collect and use your personal data, you can complain to the ICO or another relevant supervisory body, but we hope that we can respond to your concerns before it reaches that stage. Please contact us at hello@zooatronic.com.
